

BIA Tribal Resilience Program (TRP)

BIA TCR Program Website : <https://www.bia.gov/bia/ots/tribal-resilience-program>

Our Goal:

The Bureau of Indian Affairs' (BIA) Tribal Resilience Program (TRP) assists Tribes in accessing federal-wide resources to build capacity and resilience through leadership engagement, delivery of data and tools, training and tribal capacity building. Competitive awards fund tribally-designed resilience training, adaptation planning, vulnerability assessments, supplemental monitoring, capacity building, and youth engagement. This brochure provides information on BIA's funding, training, geospatial and technical services, and other Tribal Resilience resources.
